YESTERDAY'S SESSION.

A Day of Reports And Inspiring Talks.

Communicated.
On Monday morning at 9 o'clock the convention was called to order by the president. Devotional exercises were led by Mrs. C. L. Bullock; minutes of previous session were read and adopted. A telegram of greetings was read from the Woman's Christian Temperance Union now in session at Americus, Ga., also a message from Mrs. K. L. Stevenson, of Chicago, national corresponding secretary. Superintendent's reports were called for. Superintendents of flower mission, purity young woman's branch, prison and alms house and unfettered wine gave interesting reports which called forth much discussion. Rev. H. B. Delaney, of Raleigh, and a number of teachers were presented to the convention. Rev. Delaney made a short but impressive talk. Noonday prayer was conducted by the president. A committee was appointed to petition the next legislature for a reformatory for the youth of the state. The convention adjourned for luncheon.

Convention opened at 2 o'clock with singing and prayer. The report of the corresponding secretary was called for. The report showed that greater interest has been awakened in the temperance work throughout the state. Next was the editors' report of the W. C. T. U. tidings, the organ of the Thurman Woman's Christian Temperance Union. The paper had been able to meet all expenses and have a small balance on hand during its first year of existence. Plans were formulated for putting the paper on a firmer basis during the coming year.

Reports of superintendents were called for. The superintendent of evangelistic work was unable to attend but sent a most enthusiastic report. The superintendent of Sunday school work gave an excellent report of the work that had been accomplished during the past year. It was voted that Dr. T. Mask, surgeon of the battalion at Fort Macon, be sent a letter of congratulation on his stand for non-alcoholic medication.

Miss S. E. Edwards, fraternal delegate of the state teacher's association, was introduced to the convention and made a short address.

All assembled in the convention hall at eight o'clock to witness an oratorical medal contest by eight young ladies from different parts of the state representing the young woman's branch of work. Rev. H. B. Delaney, Miss Katie Lelfair, of Wilmington, and Prof. J. H. M. Butler, of the A. & M. college, acted as judges. The beautiful silver medal was awarded to Miss Lily Griffith, of High Point.

The president announced that Mrs. Lucy Thurman, of Michigan, national and world's superintendent of work among the colored people, would give an address Tuesday evening at eight o'clock.

Gage Wants More Time.
By Wire to THE TELEGRAM.
Washington, June 21—Secretary of Treasury Gage has written letters to the house ways and means committee and the senate finance committee in which he says it is absolutely impossible to put the adhesive stamp sections of the war revenue measure into operation by July 1st. The secretary asks that the time be extended to July 15th and that the commission be increased from one to three per cent.

I was seriously afflicted with a cough for several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor widow, gave it to me. I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for 20 years. Respectfully, Mrs. Mary A. Beard, Claremore, Ark. Sold by C. E. Holton.

In them he is given authority to transfer the command of the corps to the officer next in rank when he deems it expedient as a matter of military caution. It is predicted by officials that Merritt will be made governor general of the island.

BACK AT CADIZ.

Washington, June 21—Advices received here from France confirm the report of the return of Admiral Camara and his fleet to Cadiz from Carthagena.

LIKE THE OLD BATTLE GROUND.

Chickamauga, June 21—Generals Brooke and Wade recommend to the war department that the troops remain here until the departure of the invading squadron. They believe greater efficiency is obtainable by this plan and all delay and confusion that will arise by the departure from Tampa may thus be avoided.

MORE TROOPS FOR SHAFER.

Washington, June 21—It has been decided to send six thousand troops to reinforce General Shafter. This number together with that proposed yesterday will aggregate ten thousand.

Yesterday's Runaway.

The horse of Capt. Walsh, of the Southern railway, yesterday afternoon about four o'clock made it extremely lively for about an hour. The horse was standing in front of Wilson's store on E. Washington street hitched to a buggy. He became frightened at the train and in plunging broke the bit. He then ran and the cable being cut the driver was helpless to hold him. He ran to the railroad crossing, then down the track and rid himself of the buggy. Freed from the buggy, the horse continued on his way and was finally captured near Merrimon's factory. The buggy escaped with only a broken spoke and dashboard. The driver did not get off so lightly. He was banged about and was finally thrown out of the buggy. His collar bone was injured and numerous bruises were made on his body. The driver's name is Blunt.

Hustlers for Greensboro.

Half the battle, sometimes, is in starting right. The Piedmont Realty & Guaranty Company seem to be getting off right foot foremost. It is destined to do valuable service for our beautiful city. Their latest stroke is in having the following printed on the back of their envelopes:
Greensboro, N. C. is showing great commercial development. An ideal city for a home. Cost of living is cheap and climate delightful. Educational facilities are unsurpassed. Splendid opportunities for manufacturing enterprises. As a jobbing center, rapidly growing. A railroad center. Geographical location destined Greensboro to become one of the great manufacturing and jobbing centers of the south.

The Excursion.

The excursion run by Jenkins & Hendricks, from Winston to Norfolk and Washington, passed here this morning at 9:20 with about one hundred and fifty passengers. About a dozen joined them here. They have suitable weather for a fine trip and with the surf bathing at Norfolk and other pleasing features of this trip, will no doubt have a most enjoyable time.

Cornell, The Favorite.

By Wire to THE TELEGRAM.

New London, Conn., June 21—Cornell's crew is the favorite with betting of five to four in her favor against Yale. Harvard, it is thought, will run a close third. All of the crews show great form and today is spent in resting for the great race tomorrow.

A Fatal Launching.

By Cable to THE TELEGRAM.

London, June 21—The launching of the new battleship Albion at Blackwell caused a mighty wave which wrecked the staging killing and drowning more than fifty persons besides a number injured.

ZAFIRO ROUSES CHINESE IRE.

Emperor Orders Her Away From Chinese Ports.

IS THE MERRIMAC A CORKER?

Shafter's Arrival Confirmed -- A Warm Reception Awaits Him-- More Troops to His Aid.

By Cable to THE TELEGRAM.

Hong Kong, June 21—The American supply ship Zafiro, which was compelled to leave Chinese ports by the authorities, has been sent here by Admiral Dewey to obtain provisions and coal for his fleet. Consul Wildman was notified to take the Zafiro out of the jurisdiction of the emperor immediately and the boat was refused the day's stay. She is now in British water here.

HARBOR NOT BLOCKED.

Kingston, Jamaica, June 21—A reconnoitering expedition from Admiral Sampson's fleet sent into the neck of Santiago harbor reports that the Merrimac does not block the harbor but lies to the right of the channel leaving a plenty of space for the passage of a warship.

A GOOD STOPPER.

Washington, June 21—The navy department refuses to confirm the alleged report from Admiral Sampson to the effect that the Merrimac is not blocking the entrance to the harbor at Santiago. Prominent officials say no such report has been received and, so far as is known, the work of Lieutenant Hobson was effectual.

SHAFER IN PORT.

Off Santiago, June 21—General Shafter's fleet of transports arrived at twelve ten today (Monday). The army is ready to land. The ships will attack the city while the troops close in on it from the rear. Three places of landing are under consideration. One point ten miles above and another ten miles below the city and Guantanamo bay.

A WARM RECEPTION.

Washington, June 21—A cablegram from General Shafter says in landing troops at Guantanamo they will be subjected to the fire of the Spaniards.

TO REINFORCE SHAFER.

Fort Monroe, June 21—The auxiliary cruisers Harvard and Yale leave here this morning under orders to sail immediately to Tampa. They will probably be used to carry troops and arms to re-inforce General Shafter's command now enroute to Santiago. The two cruisers were selected because of their high speed.

TRANSPORTS ARRIVE.

Washington, June 21—The navy department received a cablegram from Admiral Sampson today in which it is stated that the transports arrived at Santiago yesterday at noon.

SPANISH PRISONERS ARRIVE.

New York, June 21—The steamer Algonquin arrived here this morning with a number of Spanish prisoners. Among the crowd were the captain and crew of the prize bark Maria Dolaise, which was captured by the cruiser Minneapolis. The Austrian consul will arrange for their transportation to Spain.

QUIET VOYAGE.

CABINET TO RESIGN.

Madrid, June 21—It is rumored that the newly organized cabinet will soon hand in their resignations.

Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer. For sale by C. E. Holton.

CARTER SUCCEEDS NORWOOD.

A Hot Fight Is Expected In The Twelfth.

Governor Russell yesterday issued a commission of Judge to Eugene D. Carter, of Buncombe, who will fill the vacancy caused by the resignation of Judge Norwood. Out of it promises to grow a long legal battle as the deposed Judge intends to fight the matter to the bitter end. Norwood declares that he has not resigned but is still on the bench. Russell says the Judge sent in his resignation and he promptly accepted it. Col. Lusk comes to the aid of the governor and says that at the request of the Judge he sent in the resignation. The next session of Buncombe court will witness the fight of two judges for the bench and following it will come a full crop of appeals.

Annexation Dragging Along.

By Wire to THE TELEGRAM.

Washington, June 21—Debate on the senate resolution in regard to the annexation of Hawaii is progressing. Senator White, of California, is making a speech against the resolution.

Mr. P. Ketchman of Pike City, Cal., says: "During my brothers late sickness from sciatic rheumatism, Chamberlain's Pain Balm was the only remedy that gave him any relief." Many others have testified to the prompt relief from pain which this liniment affords. For sale by C. E. Holton.

Fariss Has It!

No "Just-as-Good" Argument.

There is no "just-as-good" argument ever advertised by this store. It sounds bad, to commence with, for we have everything that a first-class drug store should have, and have no need to say "just as good." And in the next place, we do not believe there is anything that can really take the place of the thing you want.
What you want you shall have, and if by some mischance we should not have it, you will be told frankly and no substitute palmed off on you.

TUESDAY, JUNE 21, 1898.

You can get the telegraphic news twelve hours earlier in THE TELEGRAM than in any paper that gets into Greensboro, and for four dollars a year less.

Col. Replie W. Thonuz seems to be a pretty lively corpse.

Spain is in a really worse condition than was generally supposed. We hear of a "fusion cabinet" as a new possibility.

Greensboro should establish a public park with plenty of seats and shade and so create a diversion in favor of the post office.

Madrid is again convulsed with enthusiasm over a great victory at Santiago. The Spanish shell cleared the deck of an American vessel.

It is not probable that an investigation will develop the presence of a Grabbie or a Spaulding among the officials of the Bank of Spain.

The sole object of the Cadiz fleet seems to be to relieve Minister Aunon of the tedium of office work by giving him a pleasant little cruise along the coast.

The senatorial investigating committee is about as successful in locating the whereabouts of the lobbyists as the naval board was in finding Cervera.

With persistent regularity spook Spanish ships force the blockade and enter Cuban ports. Blanco's typewriters are doing business at the same old stand.

They have an "initiative" in Porto Rico. We were under the impression that America had a "corner" on populists but Porto Ricans have troubles we wot not of.

The Honorable Marcus A. Hanna will not map out any plans for the administration this week. He will devote all of his spare time to bottling up the forces of Senator Foraker.

Andrew Carnegie is more thoughtful of the feelings of others than he has before been accredited. He declined to lead a regiment of Scottish Highlanders into Cuba. With other afflictions to be borne it would be death to inflict the "hoot mon" craze on the poor Cuban.

There has been much said by way of criticism of and apology for the delay that has marked the mobilization and equipment of the Santiago expedition. Two or three days were lost after the troops were on transports, partially at least, through failure to provide pilots and otherwise. The fitting out was to go on, we were assured with much flourish of trumpets, directly under the eagle eye of General Nelson A. Miles. The delay occurred nevertheless. General Merritt was about the same time authorized to equip an expedition of almost equal size for a cruise about ten times as long. He had such transports as could be impressed or hired from foreign steamship lines. He had not a tithe of the facilities in any way afforded at Tam-

pa. Yet the major part of his force got away quite as quickly as that which was favored with the immediate supervision of the commander-in-chief. Despite the home tootings so graciously given his every move it is becoming quite evident that General Miles is somewhat of a tailor-made soldier and that a man is needed at the head of our armies who can get on without six valets, a porcelain lined bath tub in his private car and two trips a day to the beach. It is a matter for sincere regret that the rumor that he would be superseded proved groundless.

With Dewey cigars and whiskeys, and Sampson bicycles on the market the fame of our admirals is assured. Perhaps Hobson fire and cannon-crackers and a Schley brand of stoppers will be the next novelties offered to the public.

Sitting back in his comfortable apartments in the capitol smoking a fragrant Manila cigar, Senator Hansbrough has apparently forgotten his down-trodden and oppressed constituents in the wilds of North Dakota. Through the rifts in the clouds the senator sees the Philippines a part of the United States, our interests and possessions in the far east threatened, and our frightened merchantmen with no friendly port in which to escape the wrath of their enemies. Overwhelmed with the possible disasters to this government he reverses the cloud and sees its silver lining and takes courage anew. Quite forgetful of his rabid denunciations of the money kings and plutocrats and of his heart-felt and lachrymose sympathy for the poor taxpayer, which he proclaimed during the last campaign, the senator, in his exuberant joy, says a billion dollar navy is a panacea for eastern troubles. Has this great western patriot gone over to the armor plate clique?

The Powers.

Our esteemed contemporary, the St. Petersburg Novosti, demanded the termination of the war, says "America must voluntarily submit her pretensions to a tribunal of the powers." "Must" and "voluntarily" are words which do not consist in the English language. The Novosti should not confound the United States with Japan. We do not fight wars here for "the powers" to settle, and we betray no secret when we inform our excited St. Petersburg contemporary that, while we may be sadly lacking in awe of that high-sounding phrase, we do not care a continental for "the powers."—Louisville Courier Journal.

If We Only Knew!

If all nursing mothers could only
know the true worth of Mrs. Joe Per-
sons Remedy, a world of suffering and
trouble would be saved. It is the
greatest medicine I ever tried in my
life. I have a large family of chil-
dren, and I do believe I am indebted
to Mrs. Joe Person's Remedy for hav-
ing raised them all. When anything
is the matter with my children I give
them the Remedy, and there is never
any need to give them soothing syrups,
paregoric and things of that kind. The
Remedy keeps them well and healthy,
especially when teething, and they
never need anything else. One of my
babies had sore eyes, so that the eyes
had to be kept shaded all the time, and
the Remedy cured her. I cannot say
too much for it. If everybody knew
what it would do, and try it, a world
of suffering would be saved.

General News in a Nutshell.

The year 47 B. C. was the longest
year on record. By order of Julius
Caesar it contained 445 days. The
additional days were put in to make
the seasons conform as near as possi-
ble with the solar year.

Henry C. L. Dorsey, who died at
Pawtucket, R. I., on Tuesday, was
known as the "Prisoners' Friend,"
because, among other things, he was
willing to furnish bail to all prisoners
of whose innocence he could be con-
vinced.

The Rev. Thomas Harrison, of Shel-
byville, Ind., who has just celebrated
his eighty-fifth birthday, is an En-
glishman by birth, and when he was
about to come to this country many
years ago he found two vessels ready
to sail for New York. One was strictly
a temperance vessel, the other
permitted the use of intoxicants. He
chose the temperance ship and reach-
ed New York in safety, while the other
ship suffered a mishap and was lost
at sea, over one hundred persons per-
ishing.

The Way Some See It.

A man came in today and remarked:
"I have just received the best line of
—ever brought to Durham. State
that, will you, as a matter of news to
your readers."

Said we: "You got that stuff to sell
and get money for it, did you not?"

"Yes."

"You will be benefited by selling it
out, will you not?"

"Yes."

"Well, if it is such a pecuniary ben-
efit to you is it not worth while to
spend a few cents to let the people
know you have it?"

"I don't know. I thought it would
be news for you to fill up on. If there
is any 'cost you needn't put it in.'"

Well, that is the way some people
support a town paper and then cuss it
out because it does not come up to
their idea of what it ought to be, and
run according to their notions. So
wags the world along. Our columns
are our stock in trade, and so long as
it does not cost anything it is all right,
but we ought to charge for announc-
ing a little thing like a fellow getting
something to sell, and heaping all
the profits and benefits from such an
announcement to the public.—Durham
Sun.

France's Opportunity.

If Germany "messes" with the Uni-
ted States to aid Spain she may get
her toes smashed. It will be the
opportunity of France to get back the
territory wrested from her in the war
of 1870—Alsace and Lorraine—and to
pay off some old score. Great Britain
may feel interested enough in Ger-
many's manoeuvres to send a great
fleet into the Pacific Ocean to look af-
ter her own great interests and to see
to it that Germany does not concern
her. We are hardly prepared to be-
lieve that either Germany or Russia
are so "spoiling for a fight" as to
seek opportunity now to engage in a
war with our Republic. A war with
either of those powers would arouse
the young giant of the west and make
him stir himself and "shake his in-
vincible locks."—Wilmington Messen-
ger.

The Horrors of Nervousness.

Those who are going through the indescribable terrors of this dread-
ful disease, require no description of the agonies they constantly suffer.
But why suffer? Good blood gives good nerves; and

gives good blood. It is a nerve
strengthening and restorer, the
efficacy of which cannot be
over-estimated; when it is
learned that its absolute free-
dom from poisonous drugs or
opiates, makes it safe for use
in the hands of sick or inex-
perienced persons, there is an increased
appreciation of it. JOHN-
STON'S SARSAPARILLA is a specific for impoverished or impotent
nerves; it feeds the nervous system to high health, provides for physical
and brain endurance, cheerfulness, happiness and energy.

Our thirty-six page illustrated book contains some interesting pages on Nerve Ex-
haustion. It is free for the asking. Quart bottle, \$1.00.

**Talking
of Values**

and

**Receiving Them
Is Two Different Things**

We leave out the words
and present to you the genuine article—

VALUE.

It takes (in the case we
have in view) material, work-
manship, fit and finish, to
constitute value in a ready-
made garment. We present
to you today the garment
which contains all the above,
and a guarantee goes with
each one.

**They Will—They MUST
Give Satisfaction.**

Beyond question, we be-
lieve them to be the best

BRIEF LOCAL MATTERS.

Go out tonight and make the lawn
party a grand success.

Watermelons, peaches, and pineap-
ples, advertised today by Ingram.

Warren G. Brown, of the Enterprise
force, High Point, spent the day in
the city.

A. L. McIntosh, one of the editors
of the Sanford Express, paid this
office a pleasant call this afternoon.

Don't forget the lawn party tonight.
If you want to spend a pleasant even-
ing this is the place for you.

We direct attention to the new ad
of M. Royal Farrar, trustee of the
Royster stock. Some rare bargains
are going.

There is some genuine gospel truth
in Howard Gardner's new ad today:
Warm weather calls for caution; bet-
ter be on the safe side.

Do you want to borrow money? If
so read the ad of Wharton & McAlis-
ter on first page and see the amounts
listed for immediate loans.

W. R. Land, list-taker for Gilmer
township, will be at Proximity Store
Monday afternoon, the 27th inst. List
your poll and property and save
double taxes.

Something the ladies have long
wished for—the best shirt waist, skirt
and belt holder ever invented—is ad-
vertised today by J. M. Hendrix & Co.
See new ad on front page.

The Greensboro baseball club will
leave tomorrow morning for Concord
where they play a series of three games
with the Concord boys. Play ball,
boys, and send back a good report.

There are now six federal prisoners
in jail here, five of whom were brought
in from Charlotte Saturday night.
Three of the latter are white men who
were convicted of blockading at the
last term of federal court in Char-
lotte and go to the pen for eighteen
months each. The other two are ne-
groes convicted of passing counterfeit
money and received sentences of one
year each.

East Market street, where the work
of cutting under the Southern railway
is being done, is in an almost impass-
able condition. If a little more work
cannot be done there at once so that
teams can pass with safety it should
be closed up until the work can be fin-
ished. There are mud holes and
bumps and rocks, and a worse piece
of road it would be hard to find in the
whole of Guilford county.

HAD BEEN TO STOKES.

And Returned With Badly Bruised
Face and Form.

On last Thursday or Friday night a
man, from Mitchell county, whose
name we withhold, because he posi-
tively refuses to talk for publication,
took supper at one of our leading ho-
tels and went away. He returned yes-
terday with evidences of having been
bombarded. He carried a good sized
piece of court plaster on his nose,
one on the left side of his head close
up to the ear, and another just over
the right eye.

He says he had been in the neighbor-
hood of where a Mr. James lives, in
Stokes county, and while there two or
three men formed a dislike for him
which resulted in the most severe
fight since the days of Daniel Boone,
when that pioneer locked horns with
the red men in the wilds of this state
and Kentucky.

When asked what was the cause of
the dislike of these men he shrugged
his shoulders and said he didn't like
to talk too much and didn't want to state
any particulars. He claimed that he
didn't know who assaulted him.
Enough was gathered to warrant the
statement that there is a woman in the
case.

No matter what the cause the man is
badly bruised and says they used
rocks, sticks, guns, and everything
else they could find to fight with. He
came down on the C. F. & Y. V. train
at noon from Pilot Mountain.

Marines Here Today.

Messrs. Francis McManus, Michael
Barnes and Francis Peckaski, of the
U. S. Steamship Monadnock, came in
on the 12:10 train today. They left
Mare Island, California, last Friday
and are en route to Norfolk where
they will receive what money they have
saved and banked with Uncle Sam
during their service on his ship. Their
three years are out and after going to
Norfolk and receiving their money they
will go to their homes and spend
about two weeks with their relatives
after which they will re-enlist for an-
other three years of service. Their
ship, the Monadnock, with a consort,
leaves San Francisco today with more
troops for Dewey at Manila. They
leave for Norfolk at 10:50 tonight.

fect satisfaction or money refunded.

A Splendid Record.

Notice change of ad in People's
Savings Bank and remember that all
moneys deposited on or before July
1st will bear interest from that date.

We are informed by the manage-
ment that the deposits for last month—
May, were more than 50 per cent. in
excess of the deposits for May of last
year. This is encouraging and shows
among other things that our laboring
classes, by whom this bank is liberally
patronized, are saving their earnings.
It also shows that they are learning
to appreciate the fact, more and more,
as the years roll by, that the Savings
Bank affords them a safe and reliable
place for their money.

When it is in the Savings Bank they
know it is where they can get it at any
time and in case they do not need it
for a few months or years, it is stead-
ily drawing them interest at the rate
of 4 per cent. per annum, compounded
every six months.

This bank has been in active opera-
tion eleven years and has never lost a
dollar—a remarkable record.

Lawn Party Friday Night.

On Friday evening June 24th a lawn
party will be given for the benefit of

church at the residence of Mrs. W. A.
Winstead on West Market street.

Let all the friends of the cause
come out for an evening of rare
enjoyment made up of all the elements
necessary to such an occasion—moon-
light, music, pretty girls, and of
course the usual refreshments.

necessary provision for cleanliness and health. Viewed
from the standpoint of comfort, you can better afford to

luxurious that it would seem that "none but the wealthy
can afford it," but that is not true, for the price brings it
